

kayak ka lba

Dates & Duration

Available September to June. 4 hour round trip from Dibba – high tide only.

The Trip

Kalba mangrove forest is the oldest in the Arabian Peninsula and the only breeding ground of the endangered White Collared Kingfisher. This adventure allows us two hours to explore the quiet waters while spotting turtles, kingfishers and wading birds.

We meet at our Adventure Centre and head out on the Masafi road towing our kayak trailer behind. The water is very shallow here so we check tide tables to start when conditions are best. Remember to bring your binoculars and camera to enjoy the incredible wildlife.
