

# cycle wadi zikt

## The Dates

October to April

## The Trip

3 hour round trip from Dibba

After loading our bikes at our adventure centre we take a short drive along the coast to Dadna. From here we start our 2 hour cycle ride to the Al Owais dam and Wadi Zikt.

After a few kilometers on quiet roads passing farms and plantations we reach a well

graded gravel track. The track undulates towards the dam which holds back the seasonal flood waters.

We continue up a hill on a trail that seems to go right through the mountains. As we pass through Wadi Zikt to the town of Al Raheeb we see fields of grain, fruit orchards and date plantations. There are a few ancient houses too as we cycle back towards Dadna.
