

# coastal village trek

## Dates & Duration

Available October to April. A hard, full day adventure.

## The Trip

This strenuous trek is only for the fittest adventurer.

Starting with a 45 minute speedboat ride along the spectacular eastern Musandam coastline we begin our trek from Karbat village. It's a steep climb up to the abandoned village of Tafar. We explore stone houses precariously

situated on the cliff top with their wooden doors and thatch roofs. We continue down a wadi to Sedweyn where we stop for lunch. After a well earned rest we start bouldering up Wadi Sedweyn to reach a plateau 350m above sea level where we find old houses and terraced fields. There is a natural spring here where we can cool off before following the pathway towards Bandar Khar.

We enjoy incredible views down into the 'safe harbour' before descending a very steep trail to the small fishing village of Mysaar. Our boat will be waiting here to speed us back to Dibba at the end of an exhausting, but worthwhile day.
